

OVERVIEW

Metro Strategies Group, LLC is a WBE and DBE certified firm that works with government, private and non-profit entities in northeastern Illinois to implement thoughtful strategies for public-sector projects.

Our team provides solutions for stakeholder and agency coordination, research and best practices, facilitation, project management and coordination, communications, graphic design, public outreach and project funding. We have experience working on all phases of projects from feasibility studies and planning to funding, design and implementation. With a deep knowledge base spanning multiple industries from transportation and stormwater management to economic development and environmental issues, Metro Strategies Group brings a multi-disciplinary, tailored approach to each project to achieve successful outcomes.
